When International, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

A **1** following a place name indicates that the place is coterminous with a MCD.

A **2** following a place name indicates that the place is coterminous with a tribal census tract defined by a federal reservation or reservation of off-reservation trust land defined within a federally recognized American Indian reservation or off-reservation trust land for the purpose of providing data based on an American Indian land base. If the place is not coterminous with a tribal census tract or off-reservation trust lands cross state or county boundaries, the same symbol is used for the place.
